Long Valley is a large and diverse area of farmland near Sheung Shui which was saved from being destroyed by the construction of a railway line thanks to a campaign led by Hong Kong Bird Watching Society members in 2001. This was the first time a green group had mounted a legal case against the government and won. Parts of Long Valley are now managed for birds and birdwatchers by Hong Kong Bird Watching Society staff and volunteers and the site is one of the best in Hong Kong for birdwatching. Waterbirds and farmland birds have quickly adjusted to the bird-friendly environment and are far more approachable than anywhere else in Hong Kong.

### 11. Participate in the Sustainability Literacy Test and Get a Certificate of Completion!

The United Nations Conference on Sustainable Development is conducting the [Sustainability Literacy Test](https://www.sustainabilitytest.org/en/) from 11th Jan to 20th March 2016. Students of Wu Yee Sun College are encouraged to participate and show how “green” you are! Upon completion of the test, you can register and get a certificate issued by CUHK for your participation in this global event!

The Sustainability Literacy Test is an online test to assess and verify the sustainability literacy (in economic, social and environmental responsibilities) of higher education students all over the world. It will take around 20-30 minutes to complete. Please note that:

- A single correct answer is possible for each question.
- A correct answer gives one point. An incorrect response or “I do not know” gives 0 point.
- You cannot change an answer once validated.

Four test sessions are scheduled from **11 Jan 2016 (Monday) to 20 March 2016 (Sunday)**. You can enroll in **any one of the following sessions**.

### 1. Creating an Account

Before starting, you will have to create a student account here ([https://www.sustainabilitytest.org/en/visitor/studentaccount/create](https://www.sustainabilitytest.org/en/visitor/studentaccount/create)). We recommend creating your student account before the session begins to avoid eating into the time needed for the test. To create your account, you will need to fill in your session code (see above) and your student ID number.

You will also have to choose a password. Your password is unique. Please save it carefully. It allows you to have access to your...
session and to your score. Please note that your student account allows you to restart the test after you have left (within the limit of the timeslot).

2. Starting the Test
   To start the test, please login here (http://www.sustainabilitytest.org/en/visitor/student/login). If you have any questions, don’t hesitate to contact the Campus Planning and Sustainability Office at 3943 3921 or by email (michellelam@cuhk.edu.hk). After the validation of the last question of the test, you will get your personal score (this score will be automatically sent to the University at the end of the session and will also be used for data analysis on an anonymous basis). Please take the test once only.

3. Completing the Test
   A high score means that you have the minimum knowledge that is required to help solve societal problems. If you do not get many of the answers correct, we believe that this awareness can help you improve your knowledge to participate more effectively in finding solutions. You may find more information about the Sustainability Literacy Test at http://www.sustainabilitytest.org.

If you want to have the Certificate of Completion issued by CUHK, please fill in the web form (https://cloud.itsc.cuhk.edu.hk/webform/view.php?id=78623) to submit your request. The Campus Planning and Sustainability Office will send you an e-Certificate via email afterwards and you may feel free to print it out for your use.

We wish you all success in testing your knowledge with the Sustainability Literacy Test! Be part of the global event!
